

AN OPEN LETTER TO
**THE PRESIDENT OF THE UNITED STATES
DONALD J. TRUMP**

Dear Mr. President

In my opinion, on September 25th, 2018, you delivered one of the finest speeches ever given at the United Nations. For students of history, it was reminiscent of Winston Churchill as he faced (and often faced alone) the then threat of Nazism, and Ronald Reagan as he confronted “The Evil Empire” at The Berlin Wall.

Today, the greatest threat facing America, (along with free world), is “The Left’s” new religion of “Radical Liberalism”. Instead of tanks, artillery and aircraft, today’s Radical Left uses fear, threats and false allegations and ideologies to undermine the liberties and spiritual beliefs the West holds so dearly.

As with Churchill and Reagan, you Mr. President, are the only world leader with the courage and insight to identify, confront, and then expose “The Left’s” failed and corrupting ideologies such as “Globalism”, “Political Correctness”, “Multi-Culturalism” and the greatest hoax of all, “Man-Made Global Warming”.

The earth is governed by God’s law, not the whims of mankind.

The Bible says it best, when in Genesis 1, it reads, “... *after creating man in his own image.... God blessed them and said unto them, be fruitful, and multiply and replenish the earth, and subdue it; and have domination over the fish of the sea, and over the fowl in the air, and over every living thing that moveth upon the earth”.*

In simplest terms, God created the earth to serve man, and then provided the earth with everything mankind would need to grow and prosper. It’s man’s responsibility to manage those resources to nourish the world.

We can also thank God for the origin of the Rights, Liberties and Freedoms, expounded upon within our Constitution, as they are based on His Ten Commandments and grounded in the “unalienable rights” granted by our Creator. It’s that word “Creator” that so scares the Radical Liberals.

The Radical Left try to fool as many people as they can into thinking “God is Dead”, because they know people who stop believing in God, will start believing in anything! Even junk science like “Man-Made Global Warming”, or repeatedly failed political philosophies such as Socialism! Just ask the people of Venezuela.

I know this won’t surprise you, Mr. President, but it should be noted that the reasons the Radical Left went “ballistic” in their all-out effort, to not simply *defeat*, but to *destroy* Judge Brett Kavanaugh and his family, was based on two key factors: the first is his belief in, and loyalty to our Constitution; the second, is that he and his family are devout Catholics who proudly acknowledge their belief in God. And then if that wasn’t enough to drive the Radical Left insane, America learns that the Kavanaugh family actually “pray together”, and in their prayers, they asked God to heal their father’s accuser.

There you have them. The two key elements that terrify the Radical Left. The first is the acknowledgement of the existence of God, and the second, is the invocation of the power of prayer!

There are many who may laugh at what I am about to say, but I don’t believe you will be one of them. Born and raised within the United States, I am a religious man of Lebanese decent. On November 1st, 2016, while visiting Lebanon, I travelled to the shrine of Saint Charbel (*who has been credited with over 160,000 registered miracles attributed to his intercession*) to pray for my miracle; the saving of America through your election as our President. I will always believe the Maronite Monk, canonized as Saint Charbel Makhlof by Pope Paul VI, heard my prayers, granted my miracle, and put America back on a path to greatness.

Another gift your election has given our country is our First Lady, Melania Trump. She has brought a breath of fresh air to the nation. She’s a legal immigrant and naturalized American citizen who speaks six languages and who loves America, her history, her accomplishments and all for which she stands. On February 19th, 2017, the nation, and the world gained insight into the heart and soul of our First Lady when she was asked to speak at a campaign rally, but instead of the typical political rhetoric we’ve come to expect, she led your supporters in reciting “The Lord’s Prayer”. What a gift she is to us and the world!

Respectfully Sir, am I a fan of your “Twitter Diplomacy”? No. Am I supporter of the quickness and ferocity with which you attack your attackers? No. Have you conducted your Presidency with the same decorum as most previous Presidents? No. But then again, no President in modern history has worked so hard, for so long, to make good on so many of the promises you’ve made to America.

Even your political adversaries marvel at all you have accomplished, especially in lieu of the fact that no political personality in history has endured the impact of 90% or more, of negative news coverage, 24 hours a day, 7 days a week. With God’s help, you have not only survived, but thrived, and your successes have helped “the forgotten people”, both here at home, and around the world. Just as you have promised.

Mr. President, you may think you “chose” to run for President, but I am one who believes, you didn’t choose, you were chosen ... just like God chose Moses to lead the Israelites out of Egypt!

May God continue to bless and protect America, as well as you, your family, and all the freedom loving people of the world.

Signed,

A Reluctant “Anonymous”

(Mr. President, I’ve lived almost 90 years on this earth in service to my God, my family and my country. Concerned for my personal safety and seeing the confrontations and violence the Radical Left unleash against those who speak out against them, my family pleaded with me not to disclose my identity for fear of such reprisals against them and/or myself. What a sickening, political reality in 21st Century America. However, hopefully Sir, one day we will meet, and I will proudly tell you my name while shaking your hand.)
